**PRESENT: Councillor: R MacDonald (Chairman)**

**MEMBERS OF THE PUBLIC: 7 members of the public**

**045/19/PC OPEN PUBLIC SESSION**

The Chairman invited questions from members of the public as explained in the document ref. Public Participation at West End Parish Council meetings.

Members of the public raised the following issues:

1. Inconsiderate parking during the recent Cricket World Cup matches. Supporters were knocking on doors asking to park on driveways, moving cones to park, blocking driveways, leaving litter and were (in some cases) verbally abusive. Cllr MacDonald responded that the match on Monday 24<sup>th</sup> June saw the highest number of complaints ever recorded. These have been compiled and passed onto Eastleigh Borough Council and the Ageas Bowl, who will be running a full investigation into the matter. Cllr MacDonald informed the member of the public that the placement of the cones is undertaken by the Ageas Bowl in conjunction with Eastleigh Borough Council, and is not the responsibility of the Parish Council. Cllr MacDonald invited the member of the public to attend the Ageas Bowl Liaison Committee meeting on Thursday 14<sup>th</sup> November 2019.

Cllr Turl stated that previous meetings of the Ageas Bowl Liaison Committee did not see any representation from the public. It would be useful if members of the public could attend the November meeting so that the Committee can see first-hand the impact on the public of the measures and policies that they put in place. Issues can be raised in person during this meeting. Cllr MacDonald stated that he will be the Chair of this meeting. Cllr Coles responded that the next World Cup is not for some time, after which the new car park should be open. The member of the public asked about the further six matches that are upcoming, of which notice has recently been received. Cllr Macdonald responded that the upcoming matches are T20 matches which attract a much smaller audience. Cllr Asman asked the members of the public

present to encourage their neighbours to attend the November meeting as the more members of public present the greater potential impact. Cllr Price mentioned a Facebook group that has been recently set up and is dedicated to the parking situation. This could be used to inform the public of the details of the meeting.

2. Park and Ride from Hedge End railway station. During the recent Cricket World cup matches, a Park and Ride was in operation from the station. Supporters were parking in all surrounding roads to the station, causing congestion. Hedge End Councillor Garton responded that the railway station is frequently used for park and ride and the local residents are always informed of dates. Signs are put in place in the car park and surrounding roads.

Cllr MacDonald will pass this on to the PCSO team. Cllr Hellier stated that Westwood Court, located opposite the shops, has recently imposed parking restrictions, which might explain some of the recent parking problems.
