144/23/PR MINUTES OF THE LAST MEETING

The minutes of the meeting held on 25th January 2023 were approved at the Full Parish Council meeting on Wednesday 8th February 2023.

As Mr Allen from Goldwater Electrical Services Ltd was present at the meeting, committee members agreed to bring part of agenda item 151/23/PR forward to discuss options available regarding the existing solar panels:

Option 1: Replace the broken panels and carry on with current system. Also replace the inverter and make it hybrid system, for the electricity to be supplied to the building or to charge a new battery storage system.

Option 2: Replace the entire system as the development and efficiency of the solar panels has dramatically improved. This option would also include the installation of a new battery storage system.

A lengthy discussion was held. Pros and cons of each option were discussed in detail, with Mr. Allen providing advice and information for each scenario. Mr. Allen explained the new solar panels would run at 21% efficiency compared to 13% efficiency for the existing solar panels. This makes replacement solar panels 50% more efficient.

Mr. Allen had previously provided an estimate for option 2, at a cost of £35,000 including VAT.

The new solar panel installation onto the roof would include taking off all existing fixing systems and brackets and making good the roof before fitting new panels to a new bracket system. Including a bird/squirrel guard as standard and workmanship warranty will be provided.

Mr. Allen then left the meeting and Councillors thanked Mr. Allen for his attendance.

145/23/PR PRECEPT FOR 2023/2024

After consultation with Eastleigh Borough Council, West End Parish Council's precept figure for the year 2023/24 will now be £543,196.04, from £543,191.43.

Councillors asked the Clerk to highlight the amendments and indicate which are statutory requirements.

148/23/PR HEALTH & SAFETY HANDBOOK

An updated copy of the Health & Safety handbook produced by Peninsula was shared with Councillors.

Cllr Coles asked the Clerk about the amendments section being empty to which the Clerk explained that this is a brand-new document, so no changes have yet been made to it.

149/23/PR ENERGY CONTRACTS

The Clerk explained that the energy broker has advised that tariffs are coming down so they are waiting to see if this will affect the price they are able to quote. We have two weeks in which to decide. The Clerk will email Councillors when further details are received.
